

Jersey Central Power & Light Instant Discounts Program

About the program

The Instant Discounts Program provides participating lighting distributors/vendors incentives for selling qualified lighting products to end users or contractors serving end users. Distributors receive incentives from JCP&L, which they pass along to customers/contractors. Instant discounts are available for existing buildings only. New construction projects are not eligible. **The minimum customer contribution for all lighting is \$1.00.**

Process

1. Distributor/vendor signs up with program.
2. Distributor/vendor collects customer information as part of the sale.
3. Distributor/vendor offers instant discount on sale.
4. Distributor/vendor submits an application to the program for reimbursement.

For more information on all our offerings, visit energysaveNJ.com or contact us at 866-527-5249 or energysaveNJ@trccompanies.com.

Instant Discount projects ≤ \$7,500 in incentives are required to go through Instant Discount program. Instant Discount projects with incentives > \$7,500 but < \$50,000 have the option to go through either the Instant Discount or Prescriptive program. Instant Discount projects with incentives > \$50,000 require pre-approval. Please consult with a participating distributor for details.

Costs of these programs may be recovered through customer rates in accordance with New Jersey law. For a complete list of commercial, industrial, residential and low-income energy efficiency programs, please visit energysaveNJ.com.

By participating in these energy efficiency and peak demand reduction programs, customers agree to allow their utility to retain ownership of all Capacity Rights which refers to the demand reduction associated with any energy efficiency and peak demand reduction measure for which incentives were provided by the Company. Your utility will aggregate these energy efficiency demand reduction attributes into the PJM capacity market with proceeds being used to offset the program costs.

JCP&L's energy efficiency programs are administered by TRC, a third-party implementation specialist that helps homes and businesses save energy.
